Tesla - Life & Legacy Tower of Dreams Jan 10th at the Field House

When Tesla returned from Colorado Springs to New York, he wrote a sensational article for *Century Magazine*. In this detailed, futuristic vision he described a means of tapping the sun's energy with an antenna. He suggested that it would be possible to control the weather with electrical energy. He predicted machines that would make war an impossibility. And he proposed a global system of wireless communications. To most people the ideas were almost incomprehensible, but Tesla was a man who could not be underestimated.

Join us at the first meeting of the year. There will be a short installation of Officers and Board Members for 2007. The program will follow a short business meeting.

SRO Holiday Party - 2006

No minutes - We came - We Saw - We Ate
We had a great time!

There was plenty of time to chat and catch up with others on what they were doing during the holidays.

We had live piano music courtesy of Norene Lorenz with Carol Sparacio looking on.

Food is ready - come and get it!
The members and guests had no trouble around the food line. We had enough for everyone.

Foxhunt Report

January 6th 2007 CFAR Foxhunt Report

by Mike WA9FTS

The first hunt of the new year will occur after press time and the results will be in the next issue of Mike Shy. Tony AA9CC will be the fox.

The CFAR 2m foxhunt is held every 1st Saturday at the shopping center at the corner of Mannheim and Grand. The hunt starts shortly after 8:00 PM
